

Village of Dolgeville Engineer's Monthly Update

October 2020

Current Open Projects

Main Street Sanitary Sewer Emergency Work

- Participated in discussions between the Village and EFC along with USDA.
- Currently working with the USDA and GHD to start the process of obtaining grant funds from the USDA to assist with the work.
- Completed the work required to list the project on the EFC's Intended Use Plan (IUP) so that it could be financed this coming year.

Halloween Flood Event (FEMA)

- Draft engineering reports have been received for all elements of work except for Fink Creek and paving on North Main Street.

Halloween Flood Event (404 Mitigation Program)

- I prepared and submitted four Letters Of Interest (LOI) for the 404 Mitigation Program. Letters were submitted on September 28th, 2020.

Fulton County Hazard Mitigation Planning

- I participated in the discussion for the creation of the Fulton County Hazard Mitigation Plan in a meeting with Planners on October 5, 2020.

North Hudson Area Odor Issues

- I assisted the Village Wastewater Treatment Plant Operator in the preparation of a letter, along with remediation plan ideas, related to owner issues in the area of North Hudson Woodcraft.

Water Meters

- A revised meter listing was treated with the help of Neal Winkler.
- Representatives for Neptune and Zenner meters were approached for pricing.
- A meeting will be held on October 28 to further discuss the meter project.

Beaver Brook Flood Study

- Beaver Brook and Fink Creek floodplain revisions will be incorporated into one application to FEMA as the work on Fink Creek progresses.
- I will be drafting a letter to FEMA within the next week outlining technical issues with their floodplain analysis as their comment period is now open.

Route 29A Water Line Project

- DASNY reimbursement paperwork / communications continuing.

Energy Performance Contracting / NYPA

- I am following up with NYPA re: their Master Cost Recovery Agreement (MCRA).
- The Village has not yet received or signed the agreement and the National Grid pricing will expire before the next Board Meeting.

EPG for Sanitary Sewer

- A final report has been presented and is being used in discussions with EFC and USDA.

NYS Parks Grant

- Continuing to participate in bi-weekly phone calls.

- 90% Construction Documents have been delivered to the Village and I have returned comments to Saratoga Associates.
- New York State Parks has provided their agreement to the Village and it is currently under review and preparation for the Village to execute. Working with Tammy to manage the grant through NYS Grants Gateway.

NYSDOH Disinfection Byproducts

- Delivered a detailed PILOT system letter to NYSDOH prior to the April 30, 2020 deadline per their requirement.
- NYSDOH contacted the Village to acknowledge their acceptance and that they are currently reviewing the proposal.
- No response from NYSDOH has been received to date.

DEC Mohawk River Watershed Grants – Round 5

- Paused discussions on this project until awards are officially announced.
- Researching the applicability of this funding in coordination with the State 404 Mitigation Program and FEMA.

General

- Update procurement limits.

DPW Project List

- Repair / replacement of 4 major creek culverts throughout Village
- Vehicle acquisition / replacement
- Co-funding sources for Main Street Paving / ADA Compliance Project

Village of Dolgeville Engineer's Monthly Update

October 2020

WTP Project List

- Siding @ rear of WTP – Neal has received some pricing for materials (2/2020).
- Replacement of doors to filter beds

WWTP / Collection System Project List

- Phosphorous Removal Limits Changing. 1.0 (EPG)
- UV System (EPG)
- CFA in 2021 for repairs to issues found during 2019 study.
- EPG for study of remaining system in 2021.
- Incorporate 2019 Video/Condition Assessment into GIS / HOCCPP System

Water Distribution System List

- Grant Funded Study in 2021/22.
