

REGULAR MEETING
DOLGEVILLE VILLAGE BOARD OF TRUSTEES
MAY 15, 2023

PRESENT:

MAYOR: Mary E. Puznowski
TRUSTEES: Craig A. Eggleston
Amanda Jaquay
Amber Kraszewski
Laura Madore

ATTORNEY: Brett Preston

RECORDING SECRETARY:

Tammy L. Chmielewski

ATTENDED: John Piseck, Frederick Caulfield, Barbara Schwartz, Fred DeLucco, Donna DeLucco, Marilyn Williams, David & Sarah Jaquay, Geoffrey & Amy Grace and daughters, Chet Szymanski, Christine Reynolds, Matthew Wright.

Mayor Mary E. Puznowski at Village Hall called this Regular Meeting of the Dolgeville Village Board of Trustees to order at 6:00 p.m. The Pledge of Allegiance recited.

***Public Hearing
Village of Dolgeville
Brownfield Opportunity
Area (BOA) Nomination
Study – 6:00 p.m.***

Mayor Mary E. Puznowski read the Legal Notice for the Public Hearing that was published in the Times Telegram May 4, 2023. Public Hearing is now open.

John Piseck – Herkimer County IDA – appreciative of all the people who came out to previous meetings. The Department of State is very eager to move forward with the project. This step will take approximately two months and then we get more grants and growth, including waterfront development opportunities. John also thanked the village for their help in the administration portion of the grant.

Mayor Puznowski thanked John and the IDA for picking up the expenses for the grant study. The Mayor is encouraging people to go online and review the findings of the study. The momentum from this and the NY Forward grant is the first step. Plowe Park is misspelled in the document too.

Donna DeLucco – noticed a typo in the report – Brix pizzeria is listed as 31 acres and it should be .31 acres.

ADOPTED – May 15, 2023

Village Engineer

Village Engineer Chet Szymanski came before the Board on the following:

Active Projects

Caulfield/Timmerman Street Project – No action on proposal received in the amount of \$ 20,000. The village engineer will review drawings and advise the board at the June 20th meeting.

Poplar Street Sewer Replacement

- Village DPW crews installed approximately 250 feet of new 8-inch sewer main and a new manhole after a portion of the line was found to be in poor condition after a sewer lateral back-up.

- I assisted the DPW in setting grades for the new sewer and monitored the progress of the work during construction.
- DPW crews did an excellent job on this project.

DEC Mohawk River Watershed Grants – Round 5

- A coordination meeting was held with Bergmann and NYSDEC at 3:30 PM on April 26th to discuss the NYSDEC expectations for the project and to provide Bergmann with clear direction so that we may move forward.

Water Transmission Main Clearing

- Contacted NYSDEC to determine what permits might be needed (if any) to clear trees and create an access road along our water transmission main from Salisbury.
- A response has not yet been received. I reached out to Brad Wenskoski at NYSDEC again on May 10th.

Bridge NY

- Applications were submitted for the village-owned portions of the Beaver Brook Culvert and for the Dolge Ave Culvert.
- At our coordination meeting with DOT last week, a representative of DOT stated that we should know the status of these applications within the next two weeks.

Beaver Brook Floodplain Study / LOMR (*no change*)

- Waiting on the final review of the proposed LOMR by FEMA which should be completed in early 2023.

ACOE East Canada Creek – Erosion and WWTP Protection

- A representative of ACOE visited the Van Buren Street area to review the recent erosion as well as areas upstream of the Route 29 bridge on March 31st. Funding may be available through ACOE to assist in erosion control and shoreline stabilization.
- A follow-up meeting will be scheduled to specifically discuss the threat from East Canada Creek to the WWTP, however, a new meeting has not yet been scheduled.

Main Street Sewer Replacement Project

- The most recent schedule from our consultant is shown below:

Project Schedule Milestone Item	Schedule Date
Survey (Round 1)	August 2022
Preliminary Design (50%)	August - December 2022
Survey (Round 2)	October 2022
SEQR Draft Resolution Submission	December 2022
SEQR Resolution Adopted	January 2023
SEQR Coordinated Review and Completion	January - March 2023
Final Design (Including Contract Documents & BOD Report)	December 2022 - July 2023
Permits & Approvals	July - August 2023
Bidding Services	September 2023
SPDES Notice of Intent	September 2023
Construction	October 2023 - May 2025

- Additional funding sources are being sought as we work towards a completed design. It appears that WIIA funds cannot be used for the project to co-fund with the STAG money, but SRF funds from NYS can be used (low to 0% interest loans).
- I am continuing to work with B&L to develop a spreadsheet detailing the financing plan for the project which will incorporate all grants received and proposed along with their deadlines and milestones.

- The Village met for a special meeting on May 1st to make decisions on cost sharing for the projects and begin to develop buyout letters for property owners. Once property owners are able to review the offer from the Village we can begin to negotiate the property transfers and plan the removals.
- Key dates for the project:
 - o the project must be completed by June 17, 2024.
 - o a property must be demolished, removed, and the site restored within 90 days of the acquisition of the property by the Village.

Halloween Flood Event (FEMA)

- The most recent updates from FEMA are below:
 - o PN130882 - Emergency Protective Measures – This project has been completed.
 - o PN130884 - Fink Storm Water Drainage System – The final scope approved by FEMA and the associated cost developed by FEMA is not in agreement with the same developed by our consultant. I am currently working with DHSES and our consultant to coordinate a meeting to discuss our options moving forward. Additionally, this project was recently funded through the \$1.7 trillion federal funding package. It also appears that the BIL funding may be used to fund other drainage-related projects in the Village.
 - o PN130885 - North Main Street Sewer, Water Distribution and Storm Drainage Reconstruction – This project is obligated. The work is being incorporated into the larger Main Street Sewer Reconstruction Project as there is overlap between the two.
 - o PN130886 - North Main Street Roadway Reconstruction – This project has been obligated.
 - o PN130890 - Village Wide Debris Removal – This project has been completed.
 - o PN153162 - Management Costs – Pending for the obligation or withdrawal of all the projects to be sent to the CRC.
- DHSES is requesting that the Village to continue to prepare the back-up paperwork required for PN153162 - Management Costs.

Federal BIL Funding

- 2023 EPA funding guidance documents were received on April 19th. Our consultant has started preparing the items needed by EPA to move the grant funding forward. Completing environmental review for the projects will be the first step in the process of receiving funds through the program.

NYS Parks Grant

- Saratoga will prepare two bid packages from the original project: one for the splash pad and one for the basketball courts. These are project elements that we either have funding in-hand for or can fund with additional community grants. Completing these portions of the overall project will show NYS Parks that we are making progress on the project and increase our chances of receiving a grant/project extension.
- As of May 10th, Saratoga Associates is recommending the following schedule for the basketball court project:
 - o Notice to Bid: Monday 5/15
 - o Questions to Designer to be received by: Thursday 6/1
 - o Bids Due: Thursday 6/8
 - o Hold one week to evaluate bids/receive qualifications
 - o [Board Meeting: Monday 6/19]; Award contract
 - o Hold time for contract execution/bonds, mobilization
 - o Construction Start: Monday July 10th (avoiding July 4th conflicts)
 - o Substantial Completion: Sept 22
 - o Final Completion: Oct 20

Questions raised regarding construction and the parks summer program – July-August.

Can construction begin the second week of August?

Can we use the school equipment and basketball court?

Sanitary Sewer Collection System Investigation, Phase II (EPG #105559) *(no change)*

- A final report for this project is nearly complete but has not yet been received by the Village.

WWTP Concrete Deterioration Repairs *(no change)*

- A couple of small “punchlist” items remain for the contractor to complete this spring once the weather is acceptable.

WTP Spillway Failure

- I have prepared a bid package for the project that can be used to solicit bids from specific contractors. The work is considered to be emergency repair work and will not be subject to the full public bid process.
- Met with representatives of National Building & Restoration Corp. at the site on April 21st. Expect to be receiving a bid/quote from them shortly.
- I will be at the reservoir in the next month with equipment to estimate the flow over the spillway so that we can size bypass pumps as needed to complete the work.

Village Water Tower and Industrial Park Utilities (*no change*)

- The IDA is funding a Preliminary Engineering Report for the wastewater treatment plant to evaluate and document any impacts that the Industrial Park users may have on the existing facility and what improvements will need to be made to accommodate the Industrial Park users. Continuing to coordinate information along with Amy and Neal.

WWTP Study / Proposed Upgrades for IDA Project

- Meeting with representatives of the IDA on May 10th at 2:00 PM, Village Hall, to discuss recommended upgrades to the WWTP needed to support potential IDA projects served by the Village.

NY Forward Grant

- A kick-off meeting was held in the Village on May 9th. I was unable to attend but anticipate there will be an update for the board by the meeting.

EPA Lead and Copper Rule Changes (due October 16, 2024)

- Attended a meeting at HOCCPP in Utica with Neal and Amy to discuss our plans/needs for developing a LSL inventory.
- Assisting in the selection of computer and survey equipment to support the inventory.

General

- Brownfields Opportunity Area Project w/ IDA

DPW Project List

- ACOE Study of the East Canada Creek (*no change*)
- Repair / replacement of 4 major creek culverts throughout Village
- Vehicle acquisition / replacement
- Co-funding sources for Main Street Paving / ADA Compliance Project
- DPW Garage Construction Grants (CHIPS can be applied here)
- Greenway Extension Grants (Main Street to Gehring Tricot)
- Beaver Brook and Thresher Brook Floodplain, FEMA (*no change*)
- 2nd Street Drainage Improvements (*on hold*)
- Van Buren Street Erosion / Streambank Protection

WTP / Water Distribution System Project List

- Siding Repairs at Rear of WTP
- Grant Funded Study / Hydraulic Model in 2023/2024
- Water Transmission Main Mapping / Grants
- NYSDOH Disinfection Byproducts (*on hold*)

WWTP / Collection System Project List

- Phosphorous Removal Limits Changing, 1.0 (EPG)
- Incorporate Video/Condition Assessment Into GIS / HOCCPP System

ARPA Project List

- Primary Tank Concrete Repairs (completed)
- WTP Instrumentation (completed)
- MH Inspections (completed)
- WTP Disinfection Byproducts (*on hold*)
- WTP and WWTP Preliminary Engineering Reports (WWTP to be completed by IDA)
- Miscellaneous Collection System Repairs

***Local Law # 1-2023
Authorizing the Limited
Use of Videoconferencing
Under Extraordinary
Circumstances Proposal
Resolution # 72-2023***

The following resolution offered by Trustee Kraszewski sec. Trustee Jaquay. Ayes all.

By passing Chapter 56 of the Laws of 2022, the New York State legislature amended section 103 of the Public Officers Law to add section 103-a. Section 103-a of the Public Officers Law permits the village to authorize members of its public bodies to attend meetings by videoconference under extraordinary circumstances.

Section 103-a(2)(a) of the Public Officers Law requires that the Village Board adopt a local law, following a public hearing, authorizing the limited use of videoconferencing under extraordinary circumstances.

Section 1. Definitions

As used in this article, the following terms shall have the meaning indicated below:

EXTRAORDINARY CIRCUMSTANCES-For the purposes of this article, “extraordinary circumstances” means, disability, illness, caregiving responsibilities, inclement weather, travel or a significant or any other significant or unexpected factor or event which prevents a member of a public body from attending a meeting of the public body in person.

PUBLIC BODY – Any entity for which a quorum is required in order to conduct public business and which consists of two or more members performing a governmental function for the state or for any agency or department thereof, or for a public corporation as defined in section 66 of the General Construction Law or committee or other similar body consisting members of such public body, or an entity created or appointed to perform a necessary function in the decision making process for which a quorum is required to conduct public business and which consists of two or more members. A necessary function in the decision making process shall not include the provision of

recommendations or guidance which is purely advisory and which does not require further action by the state or agency or department thereof or public corporation as defined in section 66 of the General Construction Law.

Section 2. Attendance of meetings via videoconference for extraordinary circumstances authorized.

- A. The Village Board authorized its members and members of any other public body of the village who experience extraordinary circumstances to participate in meetings using videoconferencing technology in a manner consistent with section 103-a of the Public Officers Law.
- B. The Village Board shall, by resolution, create written procedures further governing its use of videoconferencing by its members in compliance with section 103-a of the Public Officers Law.

Section 3. Separability.

The provisions of this local law are separable and if any provision, clause, sentence, subsection, work or part thereof is held illegal, invalid, unconstitutional or inapplicable to any person or circumstance, such illegality, invalidity or unconstitutionality or inapplicability shall not affect or impair any of the remaining provisions, clauses, sentences, subsection, words or parts of this local law or their application to other persons or circumstances. It is hereby declared to be the legislative intent that this local law would have been adopted if such illegal, invalid or unconstitutional provision, clause, sentence, subsection, work or part had not been included therein and if such person or circumstance to which the local law or part thereof is held inapplicable had been specifically exempt therefrom.

Section 4. Repealer.

All ordinances, local laws and parts thereof inconsistent with this local law are hereby repealed.

Section 5. Effective Date.

This local law shall take effect immediately upon the filing with the New York State Secretary of State in accordance with Section 27 of the Municipal Home Rule Law.
