

Village of Dolgeville

Board Meeting

15 August 2016

Current Work:

- Catch basin cleaning to elevate run off water during rain events
- Repair of catch basins on State St., Rundell St., and Beaver St.
- Installation of new catch basin on Beaver St. at bottom of the school hill
- Locate and extend storm drain lines from Van Buren St out of bank
- Repair of catch basins will continue as they are cleaned and inspected for structural defects and out flow
- Repaired water valves at 41 Elm St and 8 Horn St
- Repaired water leak at 46 N. Helmer

Continual Work:

- Mowing parks
- Watering Flowers
- Street Sweeping
- Green Waste pick up on Mondays

Respectfully Submitted

Scott Hongo

DPW Superintendent
