Re: March 2023 Monthly Report

Work

Current

- **Weekly Checks of Sewers**
- **Daily 811 Requests**
- **Checking Storm drains**
- **Continue cleaning Sewer Lines**
- **Weekly Metal Pick up**
- **Park Bench restoration**
- **Water Leaks throughout Village**

Water/Sewer

- **Flushed West Timmerman Sewer**
- **Debris removal from Bever Brook (Wall Collapse). Placed Plywood wall in so Creek water running by won't erode bank causing issues to parking lot. This is a temporary fix. Painted Yellow lines and placed Barrels to keep people away from area.**
- **S. Main Water Main Break- This is the second hole I found in the pipe in 16 years of service. This is a fairly alarming trend. We may have to discuss some options if this continues. The hole was a little larger than a Stewarts Coffee cup in both length and width. Repaired.**
- **Cleared snow at WWTP.**
- **Flushed North Main St Sewer-2 weeks in a row. Found large amounts of waste in line. We will continue to keep an eye on it.**
- **Jetted Schuyler St Sewer**
- **Met with Amy for Pump Delivery and unloaded Pumps and hoses for her.**
- **Found Manhole 1**
- **Filled State St and Stewart St Dig Sites.**
- **Advised KPI to keep bypass line as far to curb as possible for plowing operations. Advised School bus garage of Bypass, and advised county. WWTP sewer lining.**

Streets

- **Called State about Stop signs- They came in and replaced theirs on Main St.**
- **On Vanburen St Ext we added millings to fill in potholes. We went around and cold Patched potholes around the Village.**
- **Pushed snowbanks at Kinney's as well as removed snow from the lot. Throughout the Village we removed snow as well.**
- **Spoke with Rawlings and Woodshop on McKinnley about Plowing Issues "Blocking Street". Resolved.**
- **Sidewalk Complain- S. Main- Complaint on Odd side of St. There is no sidewalk in that area. Did research the sidewalk law. Due to how late in the year it is, I don't believe it is enforceable but we need to get word out before next year and enforce then if the board so chooses.**
- **Filled in water leak dig ahead of the storm.**
- **Took an invert start on Sullivan St for the DDSO.**

Garage

- **“09” Freightliner- Cleaned Battery Connections, Bad ground to frame-fixed. Bad battery Switch- fixed. Connections are corroding away on fuse box for auxiliary equipment. Engine was shutting off while driving and it will need rear brakes. The wing was damaged while plowing. A new to us wing was installed at no charge to Taxpayers. General Maintenance.**
- **550 – Broken Cutting edge- I believe it is a design flaw in the cutting edge. It seems to be breaking in the same place time after time. Replaced 1 spot light on salter (Bulb). General Maintenance.**
- **F350- no new issues**
- **3500- no new issues**
- **12 Freightliner- Had to replace a salter light.**
- **Leaf Picker- in storage**
- **Sweeper- same issues**
- **Sewer Jet-**
- **Skid Steer-**
- **Monthly Fuel Tank Check and inspections**
- **Salt Deliveries**
- **Snowman- Still has a power steering issue. Will need tires. Currently has no service lights at all.**
- **Loader- camera is in, they are trying to set up time to install it.**

- **Back Hoe-**
- **Fuel tank Gauges are on order through Buell Fuels per DEC Inspection- Still waiting and checking in.**
- **Waiting on new phone line so Fire Alarm can be put on service. Found out just a general phone line is necessary. Relayed information to Michelle. As soon as phone line is installed it can be online.**
- **Bobcat-**
- **Ordered Pumps and tested them out. Working well.**

Parks

- **Park Bench Rehab is still in the works**
- **Greenway Trail- Have Pricing on Concrete Blocks in the Spring Per Insurance.**
- **Plowe Park- Kept it open with snow removal of sidewalks.**
- **Center Park- Started filling in the kiddie pool, will continue when the weather breaks.**

To Do:

- **Update Water Books**
- **Continue to train new employees**

- **Keep trucks serviced and cleaned.**
- **Cleaning and Organizing Garage**
- **"09" Freightliner- Rust Control.**
- **Removal of sediment at Reservoir to create room for next year.**
- **Burt St- Remove Vegetation**
- **Remove material and add stone at the Pad at Water Treatment Plant.**
- **Start cutting back transmission line and build an access path/road. "Working with Chet on requirements and permitting if necessary".**
- **Add Gutters to Village Hall (have pricing just have to wait until the weather breaks).**
- **And much much more!**
