*The Village of*  
*Dodgeville*

**To: Village Board of Trustees**

**From: David Jaquay, Working Foreman**

**Date: 06/15/2021**

**Re: May 2021 Monthly Report**

**Current Work:**

- Moving milling pile towards road to save from being buried.
- Weekly Green Waste Collection and truck drop offs to residence for larger Green Waste.
- Weekly check of Sewers and flushing and investigating any potential leaks as needed.
- Weekly mowing and Weed eating of Village Parks and Trails.
- Changing Garbage's at Parks weekly.
- Daily 811 Requests
- Checking storm drains as rain events come.

**Water/Sewer:**

- Helped Neil with Water/Sewer Inventory
- Flushed Timmerman, Sullivan, Rundell, and N. Main St
  - 75 Sullivan had a Partial Plug.
  - Found wipes in Sullivan & Second St- Flushed Both
- Hooked up Water/Sewer to Pavilion and cleaned Pressure Reducer.

- Flushed hydrant associated with a water leak- solved problem.
- Checked ditch at Mr. Zintec's- Cleared Mud and Debris from gate for better flow.
- Cleared drain at PD.
- Water leak-6 Helmer Ave had a bad service line- Has been resolved.

### Village Hall:

- Put AC Units in & Bench on porch.

### Streets:

- Replacing and Repairing Street Signs as needed (Slawson/Main, W. State St)- Barriers replaced.
- Took down hazardous lean-to on Howard St.
- Complaint-3 Baker St- Property Sloping.
- Called DOT about Potholes.
- Put up Flags, Flowers, and Banners.
- Touched Base with Suit Kote & Hanson for Paving. Waiting on quotes.
- Sharing Services with Oppenheim DPW for "Storage".

### Garage:

- "86" Army Truck- Replaced Fuel Pump, fixed broken wire and Welded Power Steering Bracket. Also replaced window tracks on 6/15/2021.
- Removed Salter from 550  
  - put outside under cover.
- Chipper and Power unit for Leaf Picker are outside and under cover.
- Cleaned F350 Interior and Exterior along with plugging a tire.
- Rust Control on small Boss Plow.
- Checked Backhoe and changed out bucket.

- 550 was inspected.
- Checked and Fueled Mini Excavator
- Fixed hydraulic Leak on the 8500.
- Pulled Head Plow unit and wing from Freightliner and stored in Garage.

#### To Do:

- In the process of restructuring garage to be Cleaner, more Productive and Safer.
- Check on dead trees in Center Park.
- Continue Street sign Repair/Replacement.
- Pull Plows and Service
- Cut back Streets (while leaves are still on)
- Cut back Sidewalks.
- Work on Water Leak List
- Hydrant Testing and Service Painting
- Installing New Hydrants?
- Cold Patch
- Move Gas Nozzle back to Corner with Diesel (Safety Concern)
- Work with Neil on Reservoir Cleaning
- Work with Amy on Snails
- Paint lines in Kinney's Parking Lot and Laundromat.
