Re: November 2021 Monthly Report

Current Work:

- Weekly Green Waste Collection  
We have finished Green Waste Collection & leaves until Spring and fall
- Weekly Checks of Sewers
- Mowing & Weed eating finished until Spring
- Changing Garbage's at Parks Weekly. Garbage cans will be pulled the week of December 27<sup>th</sup>.
- Daily 811 Requests
- Checking Storm drains after Rain events
- Flags taken down from Veteran's Day.

## Water/Sewer

- Turned water on and off at 29 Park Ave for Valve Replacement inside house.
- Vanburen St Sewer backup (Dick Krick)- Bagged and it opened.

## Streets

- Tricot Pond- Called DEC for a Nuisance Permit. Checked Beaver Brook and confirmed 2 Blockages.
- Took down Christmas Decorations/Lights. Took photos for Insurance and emailed them. They still have value; I would like to discuss putting them into lots and auctioning them.
- Reset wood curb on N. Helmer Ave.
- Met with State DOT about Yoran property across from Village Hall. It is not our responsibility per State, he will have to apply for a State work Permit to remove curb.
- Started Plowing and Salting the roads this Month.
- Storm drains clean up throughout the village this Month.
- Fixed sidewalk and put-up Delineator's on West Spofford Ave as well as on Cavalli/McKinnley Ave.
- Salted Methodist Church per Request
- Cold Patching throughout the Village, still ongoing.
- New Street signs came in and we are putting them up as time permits.
- Picked up windstorm damage throughout the village.
- Hydrant Sticks are completed for the Village.
- No Parking Sign was replaced on State Street.

## Garage

- New Truck has been lettered and has lights, still needs Radio Installed.
- Salt is now in the Salt Barn.
- "09" Freightliner- Cutting Edge was damaged in the first plow run of the year. We brought it back to shop and cut new plates and installed them.
- Hazwapor Training Webinar was done by me and Darrin.
- "12" Freightliner- Headlight issue and wiring harness needed to be fixed. It was sent to Dennis Winkler, and we will be replacing the cutting edges in house.
- Leaf Picker- Blown bearing on impeller shaft. We will try to replace it this year. We were using the Bobcat and 3500 for leaves.
- An Electric heater was placed in the breakroom. The gas-powered unit we have needs to be replaced.
- 550- Snow Prep was done.
- Snowman- Snow Prep was done. Issue with transmission "No reverse." Transmission low 1 Pint of fluid and Problem resolved.
- 3500- Final Prep done, yellow lights were wired, stencils on door completed, and upfitter switched were wired in.
- Water Departments siding is stored out back next to the salt barn under cover.
- Fuel Tank Inspections were done this Month and Fuel logs changed out.
- Upon request we are still dropping off Trucks for Green waste.

Parks

- Waiting for Rick Barnes to cut Trees in Plowe Park (Have reached out to him several times). We will be reaching out again after the Christmas Holiday.
- Plowe Park- Work is complete.
- Center Park Meter Pulled and still working on the order for it.  
Tree was cut and decorated along with the park for Christmas.
- Met with Bob Maxwell regarding Historical Society- He decided not to turn water off to building due to conditions of internal valve.
- Removed down tree on Greenway trail

## To Do

- Need to check on the functionality of the camera system at Center Park as the park is starting to be vandalized again- by cars and 4 Wheelers-Need to discuss
- Cold Patching
- Update Water Books
- Reset lid on catch Basin on Mckinnley Ave by Bus Garage
- Helterline Park- Remove Vegetation- Replace topsoil if needed and plant grass seed.
- Train new Employees
- Cutting edge 12 Freightliner/Head plow
- Finish Street Sign Upgrade
- Install second larger Tarp on roof as we are experiencing leaks in the bathroom.
- Bringing in a Carbon Tech to remove carbon deposits from diesel engines freightliners only. This is to avoid costly repairs to exhaust, turbo and EGR systems due to carbon build up.

\*\*\* I am requesting my Personal time be paid out this  
Month\*\*\*

\*Side Note\*- Greg and Darrin are working out very well.
