

Village of Dolgeville Engineer's Monthly Update

7

1/18/22

December 2021

Current Open Projects

GIGP Water Meter Program

- The Village received notice on December 15, 2021, that they were not selected for grant funding related to the installation of new water meters throughout the Village.

NYSDOH Disinfection Byproducts

- Currently working on a response and final plan, along with Neal and Amy, to implement the pilot project.
- Expecting to submit a plan to DOH in late January / early February 2022.

Beaver Brook and Thresher Brook Floodplain, FEMA

- Currently working to provide additional documents requested to FEMA's designers.

Halloween Flood Event (404 Mitigation Program)

- The Village is waiting on a response to the funding application from DHSES.
- I have not yet received a response to last month's inquiry to DHSES regarding the status of the project or funding.

EPA Lead and Copper Rule Changes

- Continuing to participate in educational webinars regarding the potential changes in early 2022.

Halloween Flood Event (FEMA)

- Participating in a call tomorrow, December 16th, regarding new RFIs issued by FEMA for the Fink Creek and North Main Utilities Projects, below.
- PN 130884 - Fink Storm Water Drainage System
 - o The revised DDD for this project was signed on November 9th.
- PN130885 - North Main Street Sewer, Water Distribution and Storm Drainage Reconstruction
 - o The DDD for this project has been signed.
- PN130886-North Main Street Roadway Reconstruction
 - o Pending review by the CRC. This project is likely to be approved.

DEC Mohawk River Watershed Grants – Round 5

- Currently, we are on hold awaiting a decision on the removal of homes in the area by DHSES. If home removal does not occur, then we cannot construct the project planned for in this grant.

NYS Parks Grant

- Saratoga Associates has completed the project Drawings and Specifications for the project and will be submitting them to NYS Parks for their acceptance.
- Anticipate bidding the project in Spring 2022.

Manheim Business Park

- The Village Attorney recently provided a status update on the project related to a recent Town Board Meeting.
- No communications have been received regarding the status of the grant applications submitted by the IDA this past month.

Army Corps of Engineers, East Canada Creek

- Currently working to provide the ACOE team with GIS parcel information, mapping, previous hydraulic studies, and other varied information related to the existing conditions within and along the Creek for their use.

Brownfields Opportunity Area (BOA) Project

- I continue to work with the IDA's consultants on this project as needed.

WWTP Preliminary Engineering Report (PER)

- Amy and I have been coordinating information with B&L related to the ongoing development of the PER.

Village of Dolgeville Engineer's Monthly Update

December 2021

Sanitary Sewer Collection System Investigation, Phase II (EPG)

- This project is currently in financial review with DASNY prior to the grant agreement being sent to the Village. Amy Mowers worked to provide MWBE forms and information to DASNY after a last-minute request was made of the Village.

Stewart Street Sanitary Sewer Issue

- Currently working with DPW and the WWTP to investigate a sanitary sewer lateral backup on Stewart Street.

Future Projects (Not Noted Above)

DPW Project List

- Repair / replacement of 4 major creek culverts throughout Village
- Vehicle acquisition / replacement
- Co-funding sources for Main Street Paving / ADA Compliance Project

WTP / Water Distribution System Project List

- Siding Repairs at Rear of WTP
- Grant Funded Study / Hydraulic Model in 2022/2023
- Water Meter Program
- Water Operator's License

WWTP / Collection System Project List

- Phosphorous Removal Limits Changing, 1.0 (EPG)
- UV System (EPG)
- Incorporate 2019 Video/Condition Assessment Into GIS / HOCCPP System
