

Village of Dolgeville Engineer's Monthly Update

7-1

6/20/23

June 2023

** denotes that action will be needed at this meeting

Active Projects

DEC Mohawk River Watershed Grants – Round 5

- There will be community engagement functions during the summer to assist in planning the amenities at the park.
- Schematic planning can continue once the North Main Street homeowners accepting the buyout are determined.

Water Transmission Main Clearing

- Contacted NYSDEC to determine what permits might be needed (if any) to clear trees and create an access road along our water transmission main from Salisbury.
- Setting up a call with Brad Wenskoski at NYSDEC for the week of June 19th or 26th.

Bridge NY

- Applications were submitted for the village-owned portions of the Beaver Brook Culvert and for the Dolge Ave Culvert.
- Announcements for the program are currently overdue.

Beaver Brook Floodplain Study / LOMR (*no change*)

- Waiting on the final review of the proposed LOMR by FEMA which should be completed in early 2023.

ACOE East Canada Creek – Erosion and WWTP Protection

- A conference call is scheduled for 1:00 PM on June 14th.

Main Street Sewer Replacement Project

- The most recent schedule from our consultant is shown below:

Project Schedule Milestone Item	Schedule Date
Final Design (Including Contract Documents & BOD Report)	July 2023
Permits & Approvals	July - August 2023
Bidding Services	September 2023
SPDES Notice of Intent	September 2023
Construction	October 2023 - May 2025

Halloween Flood Event (404 Mitigation Program) DR4472

- Current status of homeowners accepting or considering buyout was recently provided by Amber Kraszewski. A conference call has been tentatively scheduled for June 13th to discuss one parcel which received a second, independent, appraisal.
- Key dates for the project:
 - o the project must be completed by June 17, 2024.
 - o a property must be demolished, removed, and the site restored within 90 days of the acquisition of the property by the Village.

Halloween Flood Event (FEMA)

- The most recent updates from FEMA are below:
 - o PN130882 - Emergency Protective Measures – This project has been completed.
 - o PN130884 - Fink Storm Water Drainage System – A meeting with FEMA and DHSES representatives is scheduled for July 13th at 10:00 AM where we will be reviewing the project documents and conducting a site walk.
 - This project was recently funded through the \$1.7 trillion federal funding package. BIL funding may be used to fund other drainage-related projects in the Village.
 - o PN130885 - North Main Street Sewer, Water Distribution and Storm Drainage Reconstruction – This project is obligated. The work is being incorporated into the larger Main Street Sewer Reconstruction Project as there is overlap between the two.

Village of Dolgeville Engineer's Monthly Update

June 2023

** denotes that action will be needed at this meeting

- PN130886 - North Main Street Roadway Reconstruction – This project has been obligated.
- PN130890 - Village Wide Debris Removal – This project has been completed.
- PN153162 - Management Costs – Pending for the obligation or withdrawal of all the projects to be sent to the CRC.
- DHSES is requesting that the Village continue to prepare the back-up paperwork required for PN153162 - Management Costs.

Federal BIL Funding (*no change*)

- 2023 EPA funding guidance documents were received on April 19th. Our consultant has started preparing the items needed by EPA to move the grant funding forward. Completing environmental review for the projects will be the first step in the process of receiving funds through the program.

NYS Parks Grant

- A project for the construction of the basketball courts is currently out to bid. Bids are due on Thursday, July 6th.
- Construction start will be after the second week of August.

Sanitary Sewer Collection System Investigation, Phase II (EPG #105559)

- A draft report for comment was received by the Village on June 6th.

WWTP Concrete Deterioration Repairs

- Final "punchlist" items were completed in early June and the project is not complete and ready for final payment.

Village Water Tower and Industrial Park Utilities (*no change*)

- The IDA is funding a Preliminary Engineering Report for the wastewater treatment plant to evaluate and document any impacts that the Industrial Park users may have on the existing facility and what improvements will need to be made to accommodate the Industrial Park users. Continuing to coordinate information along with Amy and Neal.

WWTP Study / Proposed Upgrades for IDA Project

- Upgrades to the Village WWTP as proposed by the IDA's engineers will be listed on the EFC IUP for this year.
- A follow-up meeting with the IDA and their engineers will be scheduled within the next couple of weeks.

** WTP Spillway Failure

- We received a quote from National Building & Restoration Corp. which has been presented for approval at this meeting.
- We may be able to reduce costs if the village is able to bypass pump during the work of the contractor rather than using a cofferdam system to dewater the work area.

** EPA Lead and Copper Rule Changes (due October 16, 2024)

- A selection for a computer to be used for the inventory was made and should be ordered soon.
- Quotes for GPS equipment should be ready for this board meeting.

** Timmerman Street Water and Sewer Extension

- A revised proposal should be ready for the board prior to this meeting.

General

- Brownfields Opportunity Area Project w/ IDA

DPW Project List

- ACOE Study of the East Canada Creek (*no change*)
- Repair / replacement of 4 major creek culverts throughout Village
- Vehicle acquisition / replacement

Village of Dolgeville Engineer's Monthly Update

June 2023

** denotes that action will be needed at this meeting

- Co-funding sources for Main Street Paving / ADA Compliance Project
- DPW Garage Construction Grants (CHIPS can be applied here)
- Greenway Extension Grants (Main Street to Gehring Tricot)
- Beaver Brook and Thresher Brook Floodplain, FEMA (*no change*)
- 2nd Street Drainage Improvements (*on hold*)
- Van Buren Street Erosion / Streambank Protection

WTP / Water Distribution System Project List

- Siding Repairs at Rear of WTP
- Water Transmission Main Mapping / Grants

WWTP / Collection System Project List

- Phosphorous Removal Limits Changing, 1.0 (EPG)
- Incorporate Video/Condition Assessment Into GIS / HOCCPP System

ARPA Project List

- Primary Tank Concrete Repairs (completed)
- WTP Instrumentation (completed)
- MH Inspections (completed)
- WTP Disinfection Byproducts (*on hold*)
- **WTP and WWTP Preliminary Engineering Reports (WWTP to be completed by IDA)**
- Miscellaneous Collection System Repairs

Creeks and Flood Prevention

- East Canada Creek Sediment / Hydraulics; Dam Removal
- Van Buren Street Ice Jam / Flooding; ACOE Design and Permitting
